1. Direct closure

2. Split Thickness Skin Graft

3. Local or perforator base skin/fascia flap

- a. Transposition flap, proximally based
- b. Transposition flap, distally based
- c. Propeller flap
- d. Keystone Island flap
- e. Bipedicle flap
- f. Medial plantar flap

4. Local Muscle / musculocutaneous flap

- a. Lateral gastrocnemius flap
- b. Medial gastrocnemius flap
- c. Soleus flap
- d. Tibialis anterior flap
- e. Other

5. Free Tissue Transfer

- a. Free radial forearm flap
- b. Anterolateral thigh flap
- c. Latissimus dorsi flap
- d. Free Rectus abdominis flap
- e. Medial sural artery perforator flap
- f. Scapular / parascapular flap
- g. Gracilis flap
- h. Free groin flap
- i. Free fibula flap
- j. Medial plantar flap (as free tissue)

6. Other

- a. Cross leg flap
- b. Tissue Expander
